

Bodybuilder's Bulletin

17 August 2009

Bulletin No. 109

Euro 5 Specification Sheets

We are pleased to announce that Euro 5 specification sheets are now available to download from the MAN UK Bodybuilder website for the UK model range.

Important

To assist in customer's and bodybuilder's calculation of on-the-road weights, **ALL** published unladen weights now include a **FULL** tank of fuel and AdBlue where applicable.

The following link will direct you to the relevant page of the Bodybuilder website:

www.man-bodybuilder.co.uk/specs

*Should you have any queries on the above, please contact Product Engineering
on 01793 448170 or email bodybuilder@man.co.uk.*

Please circulate and then retain in the Bodybuilder's Manual
